TEAMS: A team will consist of not more than seven shooters. The five highest scores will make up the team total.

FLIGHTS: We will establish a flight system for all teams. There will be three flights minimum (depending on the amount of teams). Each team will be broken down into a flight depending on team averages from the first three shoots. Those teams will compete for first place in each flight. An award will be presented to each member of the winning team in each flight.

CLASS & HANDICAP: Determined by previous years league average and by known ability. If the shooter did not establish an average in last years industrial league, men will start at (A) and (20) yards and women at (B) and (19) yards for two shoots before being classified into a permanent class. When a shooter wins or ties for champion in his or her class they will advance one class and move 1 yard back. You may win as many times as possible.

SHOOT AHEADS: We will accommodate shoot aheads as possible. In the interest of fair play, shoot aheads will NOT be eligible for the Lewis class, and multiple shoot aheads will be penalized 1 yard and 1 class every month.
